Advisory Services

Payments Rep is a payments processing company that simplifies the online and in-store payments processes.

Founded in 2015, the company boasts some of the best payments processing experts in the business. Our experts have over 50 years of combined experience in e-commerce payments, treasury, and technology and fraud risk management. We are committed to helping you process payments quickly and efficiently.

Consultants

Payments Rep provides comprehensive outsourced payment processing services to small and medium sized businesses. We strive to make the payment process as seamless as possible for both the entrepreneur and the customer.

Our aim is to reduce transaction costs, provide the business' customers with the best payment experience possible, advise on innovative payment solutions, prevent fraud, provide competitive prices for our services, and provide chargeback management.

Outsourced Support

We offer payment processing solutions to small and medium sized businesses that want to either fully or partially outsource these services. Companies that utilize our services are able to:

- Increase their customer conversion rates
- Reduce processing costs and fees
- Reduce risk of exposure
- Reduce or completely prevent incidents of fraud

We will work with you to make each aspect of your e-commerce and in-store payment processes quick, safe and secure.

Testimonials

You helped us expand our brand to a level we never thought possible. Thank you, Payments Rep, for believing in us and pushing us forward. We really couldn't have done it without you.

Casey Johnson

You helped us expand our brand to a level we never thought possible. Thank you, Payments Rep, for believing in us and pushing us forward. We really couldn't have done it without you.

Kris Michaels

You helped us expand our brand to a level we never thought possible. Thank you, Payments Rep, for believing in us and pushing us forward. We really couldn't have done it without you.
